Board Delegation Will Confer With Public Works Dept.

How River Bridge Problem Will be Presented to O. L. McPherson

The Bassano Board of Trade decided at their last meeting, Wednesday, April 11th, to send two delegates to interview O. L. McPherson, the provincial minister of public works, and bring to his attention the need of constructing a bridge across the Bow river southwest of Bassano. The secretary of the board received a letter from Mr. McPherson who said he was willing to give an interview to a delegation and discuss the matter with them.

Eighteen members attended the meeting. President Wm. Blankenship occupied the chair, and Wm. McLane acted as secretary in the absence of A. G. Bond.

Mr. Blankenship spoke on the booster edition of the Bow River Bulletin, which is expected to be out within a few days. Mr. Blankenship said that a section of the booster edition would be devoted to a description of Bassano and district. The plan of distributing the papers was as follows: Residents would give one dollar and turn in to the committee the names of twenty friends or relatives at distant points who might be interested in coming to the district. The committee would mail to each of these persons a copy of the booster edition, or, if the contributor wished to do so, he could mail the copies himself. It was urged that everyone do his utmost to make the plan a success by giving it as much publicity as possible.

A letter from the Empress Board of Trade was read. That body asked

THE MIGHTIEST LOVE STORY THE SCREEN HAS EVER TOLD

That is the opinion of those who have seen "The Heaven," coming to the Gem Theatre Friday and Saturday this week, April 13 and 14.

Chico, who works in the tavern of Paris—played by Charles Farrell—and Diane, broken spirited wife of Montmartre—played by Janet Gaynor—these are the characters whose shining romance provides the theme of "The Heaven," adapted from Austin Strong's brilliant stage success. How, through courage and spiritual awakening, these two climb from the depths of despair to the heights of ecstasy, makes one of the loveliest and most touching dramas ever screened.

RIN-TIN-TIN AGAIN

Rin-Tin-Tin, the wonder dog, is coming to the Gem Theatre Monday and Tuesday next week, April 16th and 17th, in "A Race for Life." The story recounts the adventures of Chang O'Brien, a man who goes with his dog to the outland, via box car route, there to become a jockey for a turfman who has enemies who wish to poison the horse, and succeed in imprisoning Rinty. The uncanny intelligence which the dog shows in extricating himself from all his trouble, and in saving his pet, will victory provide a story which will make the house rock with cheers.

Swimming Pool Dance Is Popular

The dance held last Friday evening under the auspices of the swimming pool committee of the Board of Trade was fairly well attended, and delayed to be one of the most enjoyable affairs of the season.

The net proceeds from the dance amounted to a rather small sum due to the very low admission price of 50 cents, but the committee is satisfied the dance was a success, and appreciate the patronage they received.

or co-operation in their effort to improve the road between Bassano and Empress. The matter was turned over to the public affairs committee.

In reporting for the entertainment committee H. A. Holmes said that arrangements had been made to have Capt. S. N. Dancy come here next Wednesday, April 18th. Capt. Dancy would address the school children, the Women's Institute, the Board of Trade, and a general meeting in the evening.

Geo. Travis reported for the swimming pool committee. He stated that subscriptions would be collected to pay for the cost of constructing treading rooms, a fence, and other equipment.

The next meeting of the board will be held next Wednesday, April 18th, when Capt. S. N. Dancy, of the British Empire Service League, will address the board. Farmers as well as townsmen are urged to come to this meeting.

Downs Will Start Chicken Ranch

E. Downs, who recently moved to Bassano from Rosemary, will start a new industry, in Bassano. Mr. Downs will operate a chicken ranch in the old McPaul farm, just south-west of town, which he has purchased.

Mr. Downs will specialize in the raising of White Leghorns and Rhode Island Reds, and is not getting some very fine birds of these breeds from Chilliwick, B. C. Stifford, poultry farm, B. C. and from California. He expects to have about 1000 purebred chickens this summer, and will increase the number to 2000 next year. He will also raise turkeys and some geese.

Mr. Downs has two sons at the government experimental station at Lethbridge, one of whom is in charge of the poultry division.

Roy Eastman and family are moving to the Gallup place this week.

Mr. and Mrs. Park and Mrs. Conn are visitors at the L. C. Norton home Sunday evening.

Louis Conn spent the week-end in Calgary.

Mrs. Elliott was a Rosemary visitor this week; and Mrs. MacGregor. The snow has again delayed the threshing in this district.

Royal York Fast Reaching Skyward

Here—rapidly towering upwards to obtain the title of the tallest building in the British Empire. Lower right—showing the kitchen of the hotel. The floor above will be the hotel's dining room. Lower left—showing the kitchen of the hotel.

Work on the Royal York, the Canadian Pacific Hotel being erected at Toronto is at least ten days ahead of its schedule. It was only in September that the raising of the old Queen's Hotel and the other buildings on the property began, and a battery of steam shovels were turned in on the task of taking out the excavation. The latter was no small job. The area of the hole required was about 340 yards by about 184 and its depth averaged somewhere between 22 and 24 feet with the soil excavated amounting to over 50,000 cubic yards. There is now every hope that the building will be completed by May 1st, 1929. It will rise 106 feet above the sidewalk, being the tallest building in the British Empire, that will be being held by the Royal Bank of Montreal which towers 80 feet above the street. The foundation equipment of the hotel will set a new record, and a small army of designers are busy preparing plans for the decorations and furnishings.

The hotel will be taken up with store-rooms of the hotel on Front Street, and another entrance on the east side. In the centre of this floor will be a large lobby containing the hotel offices and baggage elevators. To the right will be writing rooms, cafe and news room and to the left a lounge opening on to the main dining room which will extend pretty well the entire length of the hotel's frontage on York Street. This room, like the lounge and lobby will be two stories in height with the galleries on the mezzanine floor above.

TROUBLE WITH WATER WORKS

Intake Pipe Breaks And Water Supply Closes Out Wednesday

A break in the intake pipe at the pumping plant of the town water supply system occurred on Tuesday afternoon, and caused a shortage of water on Wednesday. A good supply of water was in the stand pipe at the time, and it did not until Wednesday that the pressure failed and the town was without water.

All Tuesday night, Wednesday, and most of Wednesday night the regular crew worked on the job of repairing the broken pipe. The job was completed Wednesday night, and the electrical pump started at once. The full water pressure was on again Thursday morning.

Splendid Minstrel Show At Hussar

A very successful minstrel show was staged in the Community Hall at Hussar on Thursday evening, April 11th.

About twenty local men and boys presented an amusing and entertaining program. There was the usual round of old and new songs interspersed with a patter, for the first part of the evening. Then a short sketch entitled "Mrs. Dildy's Party" as played by Louis Hoght and Chester Trent, proved very interesting and received well merited applause. The entire chorus then returned to the stage for a group of negro lullabies, and a skit, consisting of dialogue, song, and dance, given by two visiting minstrels, Mr. Stone, from Rockyford, and W. H. Langford, from Calgary. The audience was delighted with their amusing contribution, judging by the hearty and persistent applause. This section of the program closed with a novelty feature when the ghost of the violin appeared after the song of that title had been sung.

A playlet, "Recess in a Sanctum," by Maxwell Anderson, Ivan Anderson, Clifford Paul, Romeo Brasseur, Johnnie Moffat, and Frank Bellard, a song, "Wing Legs" Rag-Time Clock, and a dance, in which they were assisted by Helen Jane, with Margaret Reeves at the piano, proved very entertaining. The solo work of Messrs. E. J. Bell, W. Paul, J. Hurst, Nelson, and H. Holland, and Hoght, deserves special mention. Mr. Resnor made a good interloper, and Mr. Paul and Mr. MacGregor were good and men.

With the dance, about 3172 was taken in for the hall fund.

Duchess News

DUCHESSE, April 12—Mr. and Mrs. Puroch and daughter Jean attended the Easter holidays in Calgary, returning Tuesday.

Mrs. Elmer Bissom's mother, Mrs. Jewell, left for her home in the village Monday after spending the past month here.

Mr. and Mrs. Connolly are here.

Warm Reception Anticipated For Capt. S. N. Dancy

The visit of Capt. S. N. Dancy to Bassano, scheduled for Wednesday, April 18th, has awakened widespread interest and enthusiasm. Capt. Dancy is one of the best known and most popular speakers on the public platform, and his tour through Alberta, under the joint auspices of the Rife, The Canadian Legion, and boards of Trade, has been one of triumphal march from beginning to end.

Town after town has given this favorite of Canadianism the crowd breaking audiences, and even when the thermometer hovered around the forty below zero mark that did not seem to affect the enthusiasm with which Capt. Dancy was received in the different communities.

Capt. Dancy has a real live message. He is a type of Canadianism that the man on the street can understand. A very humorous speaker, he analyzes conditions with a keen, penetrating mind, and his analysis seems to meet with instant favor. He talks straight from the shoulder and, after all, that is what the Canadian public likes.

The schedule of meetings for Bassano has been so organized that Capt. Dancy will be able to reach all classes of citizenry and carry his message into every recess of the community. This schedule will embrace the schools in the morning, the Board of Trade at the noon hour, the women of the district in the afternoon at 3 o'clock in the Oddfellows' Hall, and in the evening an old fashioned community get-together in Knox Church at 8 p.m.

HUSSAR & DISTRICT NEWS

HUSSAR, April 11—Miss Muriel Betts was home from Standard for the week-end.

The Hussar orchestra will give a dance in the hall here April 20th. Remember the date.

Ray Forney, who spent the winter in Washington, is home.

There is a scarcity of houses in Hussar. Several new employed here are looking for a place to move their families into.

Mrs. W. G. Nelson left Thursday for Fernie Falls, B.C., where she was called because of the serious illness of her sister, Miss Bertha Butler. Miss Butler passed away Friday.

Mr. and Mrs. Ralph Armstrong are Calgary visitors this week. Mr. and Mrs. Clarence Armstrong, Frank Wolfe, and Tom Lawson were among the others who were in the city.

Mrs. Frank Reeves and daughter Margaret were passengers to Medicine Hat Monday.

Mrs. W. D. Moffat and children moved to the farm this week. Mr. Thomas Montgomery, who is employed by the Hussar, will be bringing his wife and son from Calgary and live in the Moffat house.

Mrs. George Smith, wife of the Hussar, will be visiting her sister, Mrs. W. D. Moffat, at the home of Mr. and Mrs. Eddie Whitman.

Rev. H. Arthur Barton will hold church services here every Sunday evening at 7 p.m. He will preach an Easter sermon April 14th. Come and hear him.

Mrs. Onanvick, of Duchen, is here visiting her sister, Mrs. Ellingson, and brother, E. Holland.

Mr. Page, principal of the school here, and the other teachers, Miss Pauline Kite and Mrs. Frank Parry, are attending the teachers' convention in Calgary this week.

Theodore Larsen attended the horse show in Calgary and won a two-year-old pure bred colt for a good sum to a man from Medicine Hat. Messrs. Larsen, Ole Christensen, and W. D. Moffat have won some splendid year-old colts. The colt Mr. Larsen sold won second prize at the fair.

McMillan, of Calgary, was here Wednesday evening and entertained at the home of Mr. and Mrs. Frank Reeves. Fifty hundred was played at five tables.

The Misses Jeanie Elliott, Bessie Paul, and Myrtle Paul are home for their Easter holidays.

Miss Christine Allen, of Coleman, is a guest of Miss Grace Pizer at the home of Mr. and Mrs. Jim Lawson. Miss Pizer visited in Calgary several days and returned with her friend Miss Adams, Monday.

The Hussar five-piece orchestra furnished music for the dance at Chancery Hotel last night.

A number of the young people from here enjoyed the dance there.

The Misses Irene Johnston and Irene Macneil, of Bassano, attended the minstrel show and dance here.

Harold Torgan 3rd in Oratorical Contest

Harold Torgan, pupil of Bassano school, ranked third in the southern Alberta final competition of the oratorical contest held in Calgary Thursday evening this week, April 11th, according to a telephone communication from the city.

Arthur Craig, of Calgary, was winner of the contest, and Orpha Vance, of Raymond, came second.

Since the schools in the morning, the Board of Trade at the noon hour, the women of the district in the afternoon at 3 o'clock in the Oddfellows' Hall, and in the evening an old fashioned community get-together in Knox Church at 8 p.m.

When Capt. Dancy will give a survey of conditions at home and abroad with relation to community life, the Canadian public likes.

Mr. Dancy's address there will be in open forum question period when the audience will have an opportunity to discuss some of the outstanding problems of the day.

It is to be hoped that the people of the country will join with those of the town in giving this distinguished visitor the welcome he deserves. Every community in Alberta has played the game, and it is reasonable to expect that Bassano will do the same on April 18th.

THURSDAY EVENING, AND WERE GUESTS X MISS EVELYN CLIFFORD.

Mr. and Mrs. L. F. Christensen, Boynton, and Ellen, motored from Wrenwood Sunday and spent several hours in the city.

Miss Mary Kite, who teaches at Maple Creek, spent several days at the home of Mr. and Mrs. Emory McGowan this week.

C. Reesor spent the week-end in Calgary with his parents who have just returned from California.

Charles Merriman and son "Bud" MacQueen, were in town Thursday and heard the minstrel show.

Mr. and Mrs. John Yetzer and son Joe stopped over Sunday at the home of Mr. and Mrs. E. J. Bell, on their way to Lethbridge.

Mr. and Mrs. Yeter are leaving Alberta to make their home at Phoenix, Arizona.

C. T. Armstrong, Miss Mabel Snyder, Miss Zena Bell, and Miss C. Reesor motored to Calgary last Friday.

On the afternoon of Easter Sunday a large crowd gathered in the Community Hall for the annual program given by the pupils and teachers of the Hussar United Church Sunday School. Mrs. W. D. Moffat presided and supervised, and her capable staff of teachers deserve very special credit for the creditable manner in which the different parts were presented. The following is the program:

- Song by the school: "Stay Not on Calvary's Mountain."
- The Lord's Prayer.
- A group of recitations: Anna Margaret Moffat, Josephine and Peggy Holland.
- Piano solo: "Chanson Russe," Margaret Bell.

Navigation of Straits To Port Churchill Is Planned For 1933 Season

Ottawa.—Navigation via the Hudson Strait to Port Churchill in the season of 1933 is the present objective of the Departments of Marine and Fisheries and Railways and Canals.

Plans are now being created for the setting up in the straits of two direction finding stations, similar to those operated by the Department of Marine on the Atlantic Coast, and in the Gulf of St. Lawrence.

The Canadian Government ship, Montcalm, will leave for the North about the middle of June, under the direction of Major N. B. MacLean, and the vessel will spend the summer in the straits. She will carry with her additional supplies and equipment to enable the three Royal Canadian Air Force bases to continue their work until the autumn.

During the summer, the work on the direction finding stations will be commenced and the men who will be in charge of this work will take over much of the equipment which the air force will leave when they conclude their work and start South. The Polar planes will be packed up and returned on the Montcalm.

It is understood that the air force will retain these planes which were purchased specially for operation in the straits.

The Department of Railways and Canals will probably send a special crew and equipment to the straits to take the redocking of the ship, Canadian Raider, which was beached last summer after some difficulties were encountered.

Commander Daniel Found Guilty

Sentenced To Dismissal From Ship

Ottawa.—The disciplinary committee growing out of the Royal Oak affair which has stirred the British warship which was the conviction of Commander H. M. Daniel, on charges of conduct prejudicial to discipline.

The court, after deliberating one hour and ten minutes, found him guilty on all charges and sentenced him to dismissal from his ship and a severe reprimand. The sentence does not imply dismissal from the service and means that the commander will remain on half pay until it places the Admiralty to appoint him to another ship or another post.

Ontario Session Ends

1928 Session Of Ontario Legislature Froreign With Usual Ceremonies

Toronto.—With the usual military pomp and traditional ceremony, Lieutenant-Governor W. D. Ross formally prorogued the 1928 session of the Ontario legislature. Greeted on his arrival at the parliament buildings by a band of booming guns. His Honor entered the legislative chamber sharp at three o'clock for the brief ceremony. The galleries were sparsely filled and many of the members had already dispersed to their homes. The death of Alexander Stuart, M.L.A. for North Brantford, who died on Sunday was draped in a Union Jack and mourned with crepe.

Growth Of Mergers In Old Land

Industrialists Of Europe Are Following Methods Popular In The States

London.—The great industrialists of Europe are making great strides in the trustification of many lines of manufacturing and trade, according to the Rt. Hon. David Lloyd George, former premier of Great Britain. Mr. Lloyd George points to the recent boom in wireless and cable mergers as an indication of the advance in the combination on the European continent and declares that the example of the United States has made a great impression in the Old Land.

Empire Fair Shows Deficit

London.—There was a deficit of £176,000 in connection with the British Empire Exhibition of 1924-25, according to Captain Douglas Hacking, M.P., parliamentary under secretary of state for the Home Department, who was asked about the matter in the House of Commons.

More than 5,000,000 in Great Britain are members of co-operative societies.

Recognition For Herman Trelle

Alberta Government Purchases Quarter Section Of Farm At Wembley

Edmonton.—Payment of a first installment in the purchase price of a quarter section of his farm at Wembley has been made to Herman Trelle, the Peace River wheat champion, through the department of public works. An appropriation of \$5,000 was passed in the estimates for this purpose.

Under the terms of the agreement, the quarter-section is being leased to Mr. Trelle for a term of five years with the option of purchase at the end of this time. The land adjoins the remainder of his holdings, on which his prize-winning wheat was grown, and is itself under cultivation.

It is understood that Mr. Trelle will continue his experimental work in which he has already achieved such distinguished success, and the action of the government, which was fully sanctioned by the legislature, is by way of demonstrating a province's grateful recognition of services rendered and good publicity recently through a double championship.

YUKON ENTERS FEDERAL OLD AGE PENSION PLAN

Ottawa.—Yukon has entered the federal old age pension scheme. George L. MacLean, newly appointed gold commissioner of the Yukon Territory, has affixed his signature to an agreement with the Dominion Government to participate in the federal plan.

An order-in-council will shortly be passed by cabinet council, in accordance with the established procedure, authorizing Hon. Peter Heenan, minister of labor, to sign for the federal government.

Yukon Territory is the second to join in the federal old age pension scheme passed at the last session of the Dominion Parliament. Several months ago British Columbia, through Hon. A. M. Manning, provincial minister of labor, executed an agreement with Mr. Heenan along similar lines to that with Yukon.

Manitoba and Saskatchewan are now negotiating with Mr. Heenan; and it is probable that these two provinces will shortly also come under the federal plan. Legislation to later into operation in the Yukon Territory was passed by the legislature of Manitoba and Saskatchewan.

The signature of Gold Commissioner MacLean was affixed under authority of an ordinance passed at the last session of the Yukon Legislature.

Countries Involved

Washington.—Whether the self-governing Dominions would sign separately any anti-war pact which is concluded is a matter to be decided between the British countries themselves, said Frank B. Kellogg, United States Secretary of State, to the Canadian press.

"The United States would, of course, welcome the signatures of any or all of the British Dominions," he continued.

The secretary of state had been asked, in the event of Great Britain adhering to the proposed pact to outlaw war, Canada and the other British Dominions would be asked to sign separately.

Asked if he had had any conversation with the Canadian government on the subject during his recent visit to Ottawa, Secretary Kellogg replied that he had not.

The next step by the United States government has not been decided on, said Kellogg.

May Expand Air Mail Service

Canada Considering Link-Up With U.S. Trans-Canada Line

Ottawa.—An expansion of Canada's air mail service by linking up with the trans-continental services of the United States is under consideration by post office officials and a representative will shortly go to Washington to arrange matters.

At the moment there is no intention of establishing an exclusively Canadian trans-continental service, although expansion in this direction may be conducted this summer.

Plan Study Of Arctic

Nineteen Nations Will Contribute To Work Of Conference

Washington.—When representatives of 19 nations gather in London next June for an international conference on Arctic exploration, the United States may be one of them.

If so, it will mark the first time that the United States has participated side by side with a Russian delegation in such a conference and the first time this country had sent an official delegate to Russia since it became the Soviet of Socialist Republics.

The foreign affairs committee of the House of Representatives has voted favorably on a resolution which proposed U.S. participation in the International Society for the Exploration of the Arctic regions by ship.

Among the 19 nations who are expected to contribute to the work of the society are also Great Britain, France, Italy, Germany and Japan. Canada is not included.

Grant For Research

Placed At Disposal Of Canadian Society Of Technical Agriculturists

Ottawa.—A sum of \$4,000 has been placed at the disposal of the Canadian Society of Technical Agriculturists by the International Education Board of New York, founded by Dr. H. Rockefeller, Jr. in 1923, to be used in making a survey of graduates and research facilities available at Canadian agricultural colleges as in the Federal and Provincial Departments of Agriculture. A part of the money will be used in preparing and publishing a graduate calendar upon such a survey.

Mr. Fleming has arranged for the release of Dr. Robert Newton, of the University of Alberta. He will undertake the survey in January, 1929.

Calgary Man Carries Off Honors At Alberta Show

Calgary.—W. P. Plamondon, of Calgary, carried off the red ribbon for the best head of 48 finished steers, 1,100 pounds and over, at the Alberta spring stock show. Leading breeders from many parts of the Dominion were present and expressed the opinion that this carload of Herefords were the finest ever exhibited in Western Canada.

Mr. Fleming also carried off premier honors for the best five finished steers over 1,100 pounds.

Frank Collich, of Crossfield, succeeded in winning first and second place for 15 steers under 1,100 pounds.

NO CHANGE IN BRITISH POLICY TOWARD EGYPT

Manchester, Eng.—Sir William Joynson-Hicks, secretary of the home office, told the Cotton Spinners' Association that the latest Egyptian note would work no change in British policy, he said.

"It is true we have received a somewhat foolish despatch from the Egyptian Government. But I ask you to put your faith in His Majesty's government, and realize that the Egyptian note will not change British policy. A reply to the Egyptian Government will be made shortly."

Sir William also said that he looked forward to the time when Lancashire would be independent of the Egyptian Government. But I ask you to put your faith in His Majesty's government, and realize that the Egyptian note will not change British policy. A reply to the Egyptian Government will be made shortly."

Cairo, Egypt.—Premier Naha has explained to Cairo newspaper representatives briefly, Egypt's position with regard to Great Britain.

"In our note to Great Britain," he said, "we have striven on the one side to uphold our country's rights, and on the other to maintain unbroken our friendly relations with Great Britain."

The note in question was Egypt's rejoinder to the British Government's last note on the question of Egypt's proposed treaty.

In his explanation the premier said that Egypt was not in the position to demand the right of interference with Egyptian legislation and with Egypt's ability to decide to protect foreigners. Naha said that this work will soon be felt by anglers, none can doubt.

Completing Highway In B.C.

Federal Government Agrees To Co-Operate In Construction Work

Revelstoke, B.C.—A start on the last link of the trans-Canada Highway between Revelstoke and Golden will be made early next month, according to Hon. W. H. Sutherland, Minister of Public Works.

According to the minister, the Dominion Government has agreed to co-operate in the construction of the highway along the Columbia river, and the work to be undertaken will commence at a point on the big bend north of here where work stopped at the beginning of winter.

Dr. Sutherland stated that the federal government cannot undertake the building of a road through the Glacier National Park, but has offered to assist the province in building around the big bend. It is understood that Ottawa's contribution will approximate \$100,000. The work to be undertaken this year will be extensive. It was stated, and may entail an expenditure of \$225,000.

Will Borrow Three Million

Alberta Contemplates Debentures Will Be Ready Soon

Edmonton.—A debenture issue of \$3,000,000 will be made by the province of Alberta in the month of May. It will be in part for refunding purposes, covering an item of \$825,000 maturing June 1, and the balance will be used for general expansion requirements of the government.

The exact terms and conditions of the issue have not yet been determined, but in view of the fact that the Eastern money market is now favorably disposed, the treasury is just about the best shot it has ever made.

Radio Broadcasting In Canada May Be Taken Over By The State

Movies Sent By Wire

Ten Feet Of Film Used In Successful Experiment

Chicago.—An advance in the transmission of pictures by wire was made when for the first time a motion picture was sent over telephone lines to New York City for display there.

A close up of Vilma Banky, motion picture star, was taken in the telephone offices of the American Telephone and Telegraph Company, and within half an hour the film had been developed and was being transmitted over the wires.

The film was cut up into short strips and sent as "little" or ordinary pictures. At the other end of the line the strips were placed together and then photographed on a regular motion picture film. Ten feet of film were used in the experiment.

Baldwin May Have Another Term

Will Be Returned To Power At Next Election, It Is Predicted

Winnipeg.—The Baldwin Government will be returned to power at the next election, and the Liberal party will be better than it did last time, declared Sir Robert Home, ex-chancellor of the exchequer in the last Parliament, who spent two hours in this city while on route east in the course of a tour of the Empire.

Robert considered Premier Baldwin ever in being returned to power and the Liberal party, he believed, would be solid under George. The latter, he said, was the only leader available.

Violations of Elections Act

Forty-One Men Fined \$100 Each In Montreal

Montreal.—Fifty guilty of violating the municipal elections act, 51 men were fined \$100 each here, as an aftermath of the municipal elections. Three women taken into custody suspected of having either "telegraphed" or attempted to "telegraph" votes were detained until the polls closed and then released.

This was the first official case where a woman was arrested on such a charge.

Of the 51 men found guilty, twenty were charged with impersonation at the polls while the other thirty-one were charged with "attempting to telegraph" votes.

To Vote On Bear Pards

Brandon.—Petitions containing over 3,700 names have been filed with the city clerk for a vote to be taken on the local option clause in the Manitoba liquor laws; and accordingly the council has decided that the vote will be taken on or about May 15. The vote must be taken within six weeks and on the result will depend the opening of beer parlors in this city.

B.C. Student Receives Award

Vancouver.—Dr. David A. Stewart, B.C. at the University of British Columbia, has been awarded a \$1,000 graduate fellowship in economics offered by the University of British Columbia to students in attendance at any Canadian University who submitted the best paper on one of several topics for consideration with the national problems confronting Canada.

Ottawa.—Government control of all radio broadcasting in Canada looks as a strong possibility of the future. They have such a system in Great Britain and it may come in here before long.

While there has been no official decision as yet, it is known that such a proposition is being considered by those who have to do with radio.

A great deal of trouble is being experienced owing to the fact that many people—a fast increasing number—want to be in the broadcasting, whereas the channels of communication are very limited. Much conflict arises and complaints very numerous as to reception being spoiled and other disagreeable conditions existing.

In consequence of this it is learned that the government are securing new licenses have been cautiously advised not to make extensive financial commitments yet, as a development of the near future, the whole broadcasting business be taken over by the state.

In Great Britain it is all done by the British Broadcasting Company, which is under the control of the British Government.

Although similar course here has not been decided upon, much is being done in the way of securing the present system tend strongly to encourage such a departure along the same lines as the British method. It is regarded as a strong possibility of the not distant future.

To End Rubber Restriction Scheme

Premier Baldwin Makes Important Announcement In British House

London.—The Stevenson rubber restriction scheme, under which the export of rubber permitted to Great Britain and Ceylon at a minimum rate of duty varying with the price of crude rubber, will come into effect on November 1, 1928.

Speaking an eagerly-awaited speech in the House of Commons, Premier Baldwin announced that all restrictions on the export of rubber would be removed on that date. Meanwhile the existing restriction scheme will be continued unaltered.

The Premier's announcement fell like a bomb on the rubber exchange, which experienced the most excited afternoon in many years. Rumors of the scheme had been awaiting the announcement, which would enable them to decide their future policy regarding sales and purchases.

Violation Of Elections Act

Forty-One Men Fined \$100 Each In Montreal

Montreal.—Fifty guilty of violating the municipal elections act, 51 men were fined \$100 each here, as an aftermath of the municipal elections. Three women taken into custody suspected of having either "telegraphed" or attempted to "telegraph" votes were detained until the polls closed and then released.

This was the first official case where a woman was arrested on such a charge.

Of the 51 men found guilty, twenty were charged with impersonation at the polls while the other thirty-one were charged with "attempting to telegraph" votes.

To Vote On Bear Pards

Brandon.—Petitions containing over 3,700 names have been filed with the city clerk for a vote to be taken on the local option clause in the Manitoba liquor laws; and accordingly the council has decided that the vote will be taken on or about May 15. The vote must be taken within six weeks and on the result will depend the opening of beer parlors in this city.

B.C. Student Receives Award

Vancouver.—Dr. David A. Stewart, B.C. at the University of British Columbia, has been awarded a \$1,000 graduate fellowship in economics offered by the University of British Columbia to students in attendance at any Canadian University who submitted the best paper on one of several topics for consideration with the national problems confronting Canada.

JUNE SUPPORT
If all that we say
Is a single day,
With never a word left out,
Were printed each night
In clear black and white,
'Twould prove queer reading, no
doubt.
And then just suppose,
Were one's eyes he could close,
He must read the day's record
through,
Then wouldn't one sigh,
And wouldn't he try,
A guess, deal less willing to do?
And I more than half think
That many a kind
Would be smothered in life's tangled
thread.
If one-half that we say
Is a single day,
Were left forever unsaid.

More POWER
than any other
Engine of its Size

McLaughlin-Buick engine develops more power than other types because the valve-in-head engine develops the full force of the explosion directly on the piston and without its loss. This latest feature also provides more efficient combustion and a valuable saving of fuel.

TESTS prove that the valve-in-head engine as used by McLaughlin-Buick develops more power than any other engine of its size.

The G. M. A. C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.

...A club for the purpose of perpetrating the works of Charles Dickens has been organized in New York City. Take notice, Big Bill Thompson—this looks like the traditions work of the henchmen of King George.

Failure is often that early morning hour of darkness which precedes the dawning of the day of success.
—Laird M. Hodges.

During the time when the sap in the timber keeps the sap in the silver from starting forest fires.
—Washington Labor.

APPALLING DESTRUCTION BY FOREST FIRES

The Forestry Division of the Department of the Interior, Ottawa, makes the following comment on the fire destruction in our Canadian forests:

"It is appalling to learn that since the arrival of the white man in Canada, forest fires have destroyed 60 per cent of her primeval forest wealth. Four or five times as much timber has been burned in this country as has been cut for the uses of man and the requirements of commerce. Disposition of our accessible timber supplies within a period of twenty-five years is forecast."

"To bring home to the minds of Canadians before it is too late, the tragic loss that will result to this country if our forest areas are totally destroyed, Canadian Forest Week has been set aside. In the press, in the schools, in clubs, and public gatherings, the importance of Canada's forest and Canada's forest industries will be drawn to public attention. If everybody in Canada realized that thousands of families and millions of dollars of capital are dependent upon the Canadian forests, everybody would think twice before throwing down lighted matches or cigarette stubs, or lighting fires in dangerous places and leaving them to spread on or below the surface of the ground. Carelessness has destroyed 60 per cent. The axe has taken 13 per cent. Only carelessness will save the 27 per cent of our forest wealth that remains."

Chrysler '52
at \$870

More than ever
the greatest value in the
low priced field

Nothing brings out so plainly the supreme value of Chrysler '52 as trying to match its performance and comfort features in any other car priced under \$1500.

Designed by the same brilliant engineers that produced the '62, '72 and Imperial '40's, it is a typical Chrysler with all the intangible speed, ability and roadability that have made Chrysler world-famous.

Real performance with utmost smoothness at all speeds.

Pick-up and power that thrill you on the open road. Exceptionally easy to handle—and exceptionally easy riding.

Full-sized bodies of finest construction—with ample room for adult passengers—with Chrysler smartness of line and color and finish.

In addition, the positive safety of self-equalizing hydraulic four-wheel brakes, at slight extra cost—available in no other car of this price.

Come and try to match the Chrysler '52. Ride in it. Drive it—and you'll understand why, at its new low prices, public preference acclaim it as more than ever the greatest value in the low-priced field.

Bride's Logic

He had been trying all evening to summon the courage to tell her. It was a thing that really required a great deal of intrepidity. She was his ideal. Slim, brown-eyed, beautiful golden hair. As he gazed at her he finally made up his mind. "Darling," he said, "I love you. If I asked you to be my wife what would be the outcome?" "It depends," came the reply, "very much on the income."

His Mistake

Wife: "Is my hat on straight, dear?" Husband (in a hurry): "Oh, yes, quite straight." "Are you sure?" "Yes, yes—Come along." "Oh, dear, I must go back! You see, it is not fashionable to wear this kind of a hat straight."

Jack got knocked about too much and gave up his boxing lessons. "Why," protested the instructor, "it's a pity to chuck matters after all the pains I've taken with you." "You're wrong," replied Jack, "it's me that's taken all the pains."

Power That Produces Farm Profits McCormick-Deering Tractor

LUBRICATION—McCormick-Deering tractors are provided with efficient and positive lubrication. The transmission and final drive are run in an oil bath. The engine is supplied with a combination forced circulation and splash system of lubrication.

CRANKSHAFT—The heavy drop-forged crankshaft, running in large ball bearings at each end, saves fuel and adds years to the life of the tractor.

CYLINDERS—Each cylinder is removable individually, and replacement is quicker and cheaper.

AIR CLEANER—The Pomina air cleaner is simple in construction, and has no moving parts. It uses oil, and is very efficient in removing dust and dirt from the air which passes through it into the engine.

POWER TAKE-OFF—sold extra for McCormick-Deering tractors is provided for regularly in the design of the machine. It is a simple but valuable device that has many uses.

FRAMES—Substantial, strong, one-piece main frames. There is no twisting, warping, or sagging of this frame because it is made in a unit.

SPEEDS—Three forward and one reverse. There is a distinct advantage in having three forward speeds. The high speed is useful for light work, such as on the road; the intermediate for plowing, and the low for the heavy pulls. The three forward speeds are 2, 3, and 4 miles per hour.

BELT PULLEY—Large, wide, and convenient belt pulley.

ACCESSIBILITY—Handholes on left side of engine. This makes it possible to inspect all working parts easily and quickly. It isn't necessary to dismantle the tractor in order to inspect the crankshaft, camshaft, and bearings.

SAFETY—The high tension master is considered by engineers as the most efficient and reliable ignition for a farm tractor.

MASTER MECHANIC OVERALLS

The Right Goods—The Right Method

The "Right Goods" begins and ends with quality. When quality takes second place in any deal, sooner or later there comes an end to the dealing.

The confidence of the patron is worth buying at a big price. It can be secured and held on remarkably easy terms.

There is no secret to the "luck" of any of the world's great commercial houses. They all started in a small way. They got their "luck" by getting the confidence of the people.

People have long since been educated to the belief that they just get what they pay for.

The best business asset we carry is our list of delighted customers.

There is a promise of permanent satisfaction written on the face of every "Master Mechanic" or "Western King" garment.

The fulfillment of that promise has the unlimited backing of the manufacturers of these goods.

No circumstance in business or out of it can justify a misrepresentation. A consistent adherence to this principle has cost us a lot in sales that might have been made; but it has paid us.
